## From the Rector's Desk

Dear Parishioners,

Perhaps you know the well worn saying ' I got the blues because I had no shoes until I saw the man going down the street who had no feet! Our reactions to things which happen to us in life are usually in proportion to what we compare them to. Maybe we get very upset when we plan a day at the seaside, we have all ready for the day and it starts to rain! It might be that field of hay needing to be bailed or the barley ready to harvest when work is delayed for some reason, or maybe the property market has left you a lot poorer than you had hoped or planned for!

To a greater or lesser extent we all get upset when things go 'wrong' in life. When we think of the world and how privileged we are to live in a peaceful environment, moderate climate and the average standard of living way above most people on the planet, surely we have lots to be thankful for. If we compare our situation with the family who lost three sons in one car accident last week or those swallowed by an earthquake in Iran also last week, then I believe that many of the things we complain about fall almost into insignificance.

Many of you have experienced tragedy, disappointment, illness and bereavement and have testified to have had remarkable strength to cope. It always amazes me how many of our parishioners have suffered great tragedies in life but seem to enrich us all the more because of their experiences. I believe it is essential that we go on learning the importance of supporting each other through the rainy days as well as in the sunshine. This is what makes a real impact on any Church family.

I don't usually make a habit of mentioning, in these notes, when people are sick but I feel I must mention a baby, Ethan Adams, son of Corrie and Claire. Ethan has been critically ill since birth and has gone through emergency heart surgery leading to other complications. The great news is that he has been showing very positive signs of a good recovery.

I mention Ethan because I have rarely experienced a family who has received a greater swell of inquiries, the offer of support and the genuine prayers of hundreds of people, not only in our parish but around the world. I know this support was a real means of comfort to Ethan's family. May we continue to learn how to be a real Christian Church Family who support each other with love and prayer.

A continued sincere thank you to all who, under the good guidance of Canon Fred Appelbe, are attending to our parishes during my period of illness. We do appreciate the real efforts made by all who have given their time to minister in our Churches. Rev John Marchant has been one who has become well known and has served the Lord faithfully among us. We thank him most sincerely and wish him Gods blessing as he takes up duty in Clontarf Parish.

God Bless,  
William

## Summer Camp.

The old proverb, 'Many hands make light work', is still as true as ever and proves itself many times over in the parish. This was the case, from July 30th until August 3rd, for our summer camp which was held in the grounds of St.Francis' National School.

The idea, conceived by Sandra Behan, incubated by Lorraine Byrne and executed by eight energetic and enthusiastic young mothers became a reality to the delight of the 57 children who attended. Our thanks and sincere gratitude to Lorraine Byrne the main organizer and Sunday School superintendent, Sandra Behan, Pamela Roe, Wendy Lundy, Deirdre Byrne, Fiona Power, Siobhan Kennedy and Karen Kissane.

This was a wonderful success and all ran smoothly except for that water fight on the last day. Not sure what we will do about those leaders but Lorraine and Karen are wonderful with the water guns!! Roll on next year.

## **NEW RECTORY AND PARISH CENTRE**

We are happy to report that, apart from the architect's snag list, the new rectory has now been completed. The architect and the building contractor are to be congratulated for producing a building with character and quality of workmanship to a high standard.

Landscaping to comply with planning conditions has been undertaken but will require further designing and planting when there is clarity as to what funds are available to us.

Next Stop Parish Centre!

## **Concerts**

Both of the concerts that were held in July were great successes and we would like to thank those who helped on the nights and hope that those who attended the concerts enjoyed them. As both concerts were played to full houses, the organisers would stress the need to book tickets in advance to avoid disappointment. This can be done by adding your names to the email or telephone lists and please contact John (01 2818146) or Derek (01 2818118) to do this.

## **After Service**

It's great to have the opportunity to get together after Service each Sunday for a chat over tea and coffee. It also gives the preacher the chance of a break before going to their next Service and also to talk with the parishioners.

## **Youth Club/Confirmation Group at Alton Towers**

The trip to Alton Towers was a long and tiring day but well worth the early morning start. We ran onto the plane. For most people it was their first time flying without a family member. When we arrived at East Midlands Airport, we piled onto the bus and as we headed for the town of Alton, we began to feel excited and nervous. We eagerly waited for tickets and maps at the entrance, divided into small groups and rushed to the nearest rides.

We soon discovered that queueing would slow us down, but we had eight hours of fun and every queue was worth it. There was a variety of rides. Some were full of pure fear and excitement for adrenaline junkies, like Nemesis, Rita and Thirteen. From absolute splashers like the Flume and Congo River Rapids, to Oblivion, a 30 second ride which you fall straight down into a dark hole and Air where you felt like you were flying. It was a warm day and the rain stayed away for a change. It gave people a great opportunity to face their fears.

We would like to give a big thank you to Ruth, Paul and Mr Bennett for taking us and for being there throughout the day. It was a really great day and one which I personally will never forget.

# St Francis National School

School opens for the new school year on Thursday 30th August and we look forward to seeing everybody who is returning from the summer holidays. We extend a special welcome to the new Junior Infants and their parents who are joining us for the first time and hope that they will be very happy in St. Francis' N.S. Our thoughts are also with those pupils who finished 6th class in June - we wish them well as they start secondary school this week.

This year we will celebrate the 30th anniversary of the opening of the school and we are delighted to tell you that during the year we will get a permanent building to replace the prefab. The architect is currently working on the plans and when they are ready we will seek planning permission. If all goes according to plan we hope to see work starting on the building before Christmas - a super birthday present for St. Francis' N.S.
